

PDC Registration

PDCs are departure clearances are available at [70-plus airports](#) in the United States. Each PDC aircraft, including any variable call signs, must be registered with the FAA through FltPlan.com. Once registered, use of PDCs at participating airports is mandatory.

A PDC is based on a filed IFR flight plan. To receive your PDC clearance by email or text message, you MUST file the flight plan through FltPlan.com.

Approximately 20–30 minutes prior to the filed time of departure of the flight plan, ATC will generate and issue the PDC.

- Once the PDC is received, the flight crew is required to follow the clearance.
- An aircraft may receive only one PDC per airport per day. A PDC will not be available if there is any significant change to the filed route and/or altitude or if ATC desires to change the clearance.
- A PDC is valid for two hours beyond the filed time of departure.

Registration Terms and Conditions

- The subscriber is responsible for disseminating Pre-Departure Clearance (PDC) procedures to all appropriate flight crew personnel.
- Once an aircraft is registered for PDCs, use of the service at participating airports is expected by Air Traffic Control (ATC).
- In the event of a system malfunction that prevents FltPlan.com from delivering PDCs, the flight crew shall revert to voice communications with all appropriate ATC facilities.
- The subscriber is responsible for notifying FltPlan.com of any aircraft registration changes.

I will comply with all PDC rules and regulations for the registered aircraft enrolled in this program. I understand that this premium service costs \$199.00 per aircraft per year.

I understand and accept the Terms and Conditions of Pre-Departure Clearances. I agree that FitPlan.com shall not be held responsible for any air traffic delays resulting from the flight crew's inability to obtain Pre-Departure Clearances.

Please complete this form and email to Support@FitPlan.com to register aircraft for PDC.

PDC registration forms must be received no later than the 5th or the 20th of each month for activation to begin the following month.
